

Larry & Angie Overholt
 World Gospel Mission
 Emeritus Missionaries

As a result of the 4-H program in Choluteca, youth can participate in after-school activities that lead to life-changing worldview outcomes (changes in their behavior, knowledge, attitude, skill, or situation).

The Choluteca Nursing School exists to prepare professional nurses with the ability to meet the dynamic healthcare needs. They will provide quality health care and will radically impact national healthcare policies through the impact of a transformed world vision.

Proverbs 9:9 says, "Instruct the wise, and they will be wiser still; teach the righteous, and they will add to their learning."

Angie continues in an advisory role in the nursing school in Choluteca. She works with the scholarship program to help children and youth continue to study.

Larry continues to follow his passion for learning and encouraging others to gain knowledge.
